- 6. Marks obtained by students for earlier on-line examination should be carried forward or in case of interested students, they should be permitted to appear for the on-line examination along with regular students of 2015 course.**

- Marks obtained by students appearing for 2008 course and 2012 course should reflect in the mark statement of students. Credit earned by students should include only for the students who joined the First Year Engineering course from the academic year 2015-16.
- It is recommended that the Phase-IV on-line examinations of the first year engineering designed for the 2012 course be cancelled with immediate effect since the mapping of the all the subjects of the first year 2008 course and 2012 course is done with the corresponding subjects of 2015 course and students with backlog are now made eligible to appear for the on-line examinations of 2015 course. There is no provision for Phase-IV on-line examinations in choice based credit system of 2015 course.
