About Department

The Department of Computer Engineering was established in the year 1958 with intake of 60 students for Under Graduation & intake of 24 students for Post-Graduation in Computer Engineering for program under the University of Pune.

The department had been accredited by the National Board of Accreditation, New Delhi. It has state of art equipment, spacious laboratories, highly qualified and dedicated staff and above all highly spirited and motivated students.

The alumni network of the department has illustrious alumni's who are working in different capabilities in various multinational companies and in government sector world over. The department focuses on providing intellectually stimulating environment for its students so as to nurture them socially as well as technologically.

Message from H.O.D

The newsletter of the Department of Computer Engineering help us portray activities organized and conducted in the department by faculty and students which involves but not limited to paper presentations, expert lecture series, alumni & industrial visits etc.

The departmental newsletter acts as a memoir and record to the happenings during each quarter of the year. It helps us envision new activities for the wholesome nurturing of our student's intellectual, social and technological acumen.

Dr. S. M. Rokade
HOD
Department of Computer Engineering

VISION

To develop Computer Engineering graduates capable of exhibiting leadership, creativity and skills for improving the quality of life.

MISSION

To provide a platform for self-learning to meet the challenges of changing technology and leadership qualities to succeed in a professional career.
